WHITE PINE BLISTER RUST CONTROL

White Pine Blister Rust control as conducted in this town during 1940 by the State Forestry & Recreation Department and the Federal Bureau of Entomology was a part of a nationwide program of protecting white pine growth from a bark disease, which, though not spectacular, represents a very serious menace to this tree if not controlled. Throughout the northeastern states, where white pine is especially important, counties, towns, cities, and individual owners have cooperated with State and Federal agencies. In the Far West, upon the National Forests and holdings of large lumber companies, Blister Rust control is recognized as a necessary practice in growing white pine. Recently, the Federal Government reaffirmed and emphasized the need of White Pine Blister Rust control by the passage of an act authorizing financial assistance to such states as are carrying on control measures. All towns and their citizens are strongly urged to cooperate with the State and Federal governments in their efforts to maintain control of this destructive disease.

The following financial statement shows expenditures made in this town during 1940 for Blister Rust control by the agencies indicated. Persons interested in the detail of control work and the life history of Blister Rust may receive a circular by applying to the State Forester, Concord, N. H.

The following is the report of Gafney Library for the year ending February first, nineteen hundred and forty-one.

Total circulation 5732, number of books catalogued 84.

This winter the Library has been open two days a week, Tuesday and Saturday, afternoons and evenings. By closing on Thursday we have had money available for reading material.

In January, friends of the Library sponsored two whist parties, netting seventeen dollars. Twelve new books have been bought with this money and are now in circulation.

The Bookmobile books have been appreciated by our readers. Books have also been left for the Primary School, much to the delight of the children.

We are grateful to Mrs. Lillian Edwards, who has given generously of her magazines and for two books; Mrs. Ann Van Dyke and Lillian Fifield for books; Mrs. Frank Bickford and Mrs. Joe Garland for magazines; the Sanbornville Woman's Club and Mr. and Mrs. Taylor of New York and Sanbornville for gifts of money, which was used for books.

Four children were vaccinated during school term. Others were vaccinated before school opened.

A chest clinic was held in June. Dr. Kerr was the examining Physician. 12 persons attended.

A pre-school and infant clinic was held in July sponsored by State Board of Health. 19 children examined. 13 received Diphtheria toxoid.

Tag Day was held as usual. Part of proceeds went toward War relief.

Woman's Club of Sanbornville, Wakefield and Union gave money for C. L. Oil in each school. Dr. Paul gave \$1.00 and Miss Brackett helped on quite a few bottles.

Four children were transported to Wolfeboro and had tonsils and adenoids removed.

1 child was fitted to glasses through the Sight Conservation Program of the State.

Others were furnished by Red Cross.

Shoes and Clothing were bought by Red Cross and distributed where needed.

Two rummage Sales were held. Proceeds went toward Dental Clinic.

A Dental Clinic was held in June. Dr. Carpenter of Boston and Wakefield for the past 3 years has done our work. 103 Children received dental care.

A mental Health talk was given by Mrs. Mary Davis, State Board of Health to Grammar School Girls.

During the late summer and fall, the women of the community, under the direction of one of our committee members, Mrs. Annie Garvin, knitted 20 sweaters, made 12 layettes and 12 woolen dresses for the war sufferers of England.

Once more I wish to extend my appreciation to all who have helped toward the health of the community.

Respectfully submitted,

IRENE JONES,

Public Health Nurse

We must train for sound bodies, so we teach health lessons, we provide healthful conditions and outdoor playgrounds, and we have nurses and doctors to check up and correct defects. We appreciate the skating rink for winter exercise.

We must train for mechanical skills for trades and industries. Our immediate defense program is calling loudly for workers with intelligent manual ability. It would be very wise to introduce some Manual and Domestic Arts work in our grammar schools, seeking to train hand as well as mind.

We must train for governmental tasks, so we have classes in History and Government and discussions on Current Events which are very much alive in these days. We have clubs and parliamentary procedure. We argue and discuss, as people should in a Democracy. We try to train for future citizenship and worthy office-holding.

We must train for the finer arts, so we have music and drawing and poetry. We sing patriotic songs, we salute the flag and we try withal to appreciate the fact that our home country is free and prosperous because others struggled and worked and suffered for us.

We must teach scientific knowledge of plant and animal life and the laws of nature about us, so we have nature lessons and science lessons and try to understand the new ways of living and working.

America marches on! What shall be her fate? The children must take over in the near future.

We are fortunate to have the same corps of teachers that we had last year. The school work moves well.

The health work is in the care of Mrs. Irene Jones, the Red Cross nurse. Her report is included in the Red Cross report.

School property is kept in good condition. A new boiler and running water with flush toilets have been

installed at the Sanbornville Grammar School. East Wakefield schoolhouse has been repainted and put in good condition. It would add much to the attractiveness of the town if the school yards could all be beautified with shrubbery. Many summer visitors would appreciate this, and children would profit by the artistic beauty. Work of this kind has been progressing at Union. Why not at other schools?
